

Integrated Oxygen Generator

- Built-in air condensation system for more stable oxygen output
- High purity oxygen output with PSA technology, typically provide oxygen concentrations of 92% or higher
- Adjustable oxygen flow rates to meet specific needs
- Ensure the user's safety with oxygen purity monitoring, alarms for low oxygen levels or malfunctions, and automatic shut-off in case of emergencies
- Minimize noise disturbance (under 55 dB) for the user and their surroundings

Model	Production (LPM)	O2 Concentration	Product Size (mm)	Power Supply	Rated Power (watts)
EOX-10	10	92-95%	550*600*1100	220V/50Hz	850
EOX-20	20	92-95%	550*720*1100	220V/50Hz	1700
EOX-40	40	92-95%	550*1200*1100	380V/50Hz	3400

* Outlet Pressure: 0.3 MPa
